

TRAVEL VACCINES AT SORRENTO MEDICAL

We are pleased to be able to offer travel vaccines at reduced rates.

We are unable to offer any credit for these vaccinations and payment must be in full before the nurse administers the vaccinations.

Otherwise doctor is happy to write a script and you may purchase your vaccine from any pharmacy at the (higher) pharmacy price.

For those with private health insurance these vaccines may qualify for a rebate depending upon the level of cover.

Prices as of Jan 2018
