## Practice Information

[www.sorrentomedical.com.au](http://www.sorrentomedical.com.au)

## Our Team

### DR PETER MEGGYESY MB BS (Melb 1980)

Established Sorrento Medical Centre in 1988. Special interests include antenatal care, travel medicine and dermatology.

Dr Meggyesy is an accredited yellow fever vaccinator.

Peter is a keen traveler and photographer and some of his favourite photographic work is featured within the surgery.

### DR ADRIAN MURRIE MB BS FRACGP (Melb 1994)

Joined as a partner of Sorrento Medical Centre in 2003, prior to that Adrian worked in a Melbourne general practice for 5 years during which time he was a doctor for the Carlton Football Club. Special interests include sports medicine, diving medicine and surgical procedures. Dr Murrie is qualified to do scuba recreational diving medicals..

Adrian is a keen sportsman having competed in triathlons. He maintains his high level of fitness through regular cycling.

The doctors are on the Vocational Register of General Practitioners.

### APPOINTMENTS:

Consultations are by appointment. A Standard Consultation lasts about 10 minutes. Please tell us if you may require longer or have a special purpose i.e. injection, minor operation. Maximum notice of cancellation helps us to help someone else.

If you feel that your problem may be urgent please inform the receptionists. They have been trained to recognise emergencies and will respond accordingly.

### TELEPHONE:

We try to keep interruptions of your consultation to a minimum. A message will be taken if the doctor is with a patient, and your call returned at the earliest opportunity. If the matter is urgent please tell the receptionist and you can be put through to our practice nurse who can triage and arrange for urgent help.

### HOME VISITS:

These are available if appropriate however please come to the surgery whenever possible as there are facilities here that are not available at home. When booking the home visit please give the receptionist details of your problem. If the situation is life threatening please call an Ambulance on 000.

Unfortunately we are unable to make house calls beyond Dundas Street, Rye due to the distance involved. Similarly we are unable to provide a home visiting service for patients who are not regular patients of this practice. Our fee schedule for home visits is available at the surgery.

### FEES:

Sorrento Medical is a private billing practice and our fee schedule is displayed in the surgery, in our newsletter and on our web site. Payment must be made at time of consultation. Medicare Easyclaim is available.

The length of your consultation and/or type of procedure you undertake will affect your fees.

### PRESCRIPTION REQUESTS:

Some requests for repeat ongoing regular prescription are available without consultation. If you have not been seen in the last six months your request may be denied and you will be asked to make an appointment. When you phone give your name, address and clear description of the items required including strength of medication. The prescription will be available the next morning. There is a charge for this service.

### TEST RESULTS:

In most cases, it is best to make a follow up appointment with your doctor several days after having a pathology/radiology test. This is so that you fully understand the implications of the result. However, following discussion with your doctor the other way of obtaining a result is to call and speak to our Nurse between 1-1.30pm Monday to Friday. You must make sure you receive a result, never assume that if you have not heard, the results are normal.

### Recalls and Reminders:

Sorrento Medical has an active recall register for our patients to recall them for a variety of preventative health measures. We also participate in National and State Reminder Systems and Registers. If you have any questions or object to being placed on a recall or reminder register please speak to Reception/ Nursing staff and your Doctor.

### MEDICALS:

Medical examinations for employment, superannuation, insurance, and sporting events etc. is not covered by Medicare and therefore you can not claim a rebate. Payment must be made at the time of consultation. Please warn the receptionist when booking a medical so they can allocate enough time.

### AFTER HOURS:

Call 59 844322 all hours. A recorded message will give you the mobile phone number of the doctor on call.

### HEALTH RECORDS:

Confidentiality is assured and your medical records are password protected and only accessible to suitably qualified staff. Sorrento Medical conforms to and is fully compliant with the Victorian Health Records Act 2001.

### FEEDBACK:

Your feedback is valuable to us and we encourage you to write or speak to any of us directly with any concerns or suggestions. Email contact@sorrentomedical.com.au

If you wish to discuss a matter with an external organisation the Victorian Health Complaints Commissioner can be contacted on 1300 582 133
